

THE REFINERY
LEADERSHIP PARTNERS INC

SEEKS ORGANIZATIONAL & LEADERSHIP DEVELOPMENT CONSULTANT

At The Refinery our vision is to become the coolest, little, big organizational performance company in the Americas, helping organizations and their employees become healthy, authentic and successful. We are growing rapidly and we are looking for a senior consultant who cares as much about this work as we do.

In our work, we become partners with our clients to create customized learning experiences that challenge others to redefine leadership and to engage in the practice of becoming leaders that their organizations need in order to thrive in an evolving and unpredictable age. Our competency ranges across all business disciplines. We believe leadership must be developed holistically. We are equally adept and comfortable working with managers on financial acumen as we are on interpersonal communication, leadership vision, values and emotional intelligence.

We are currently seeking a Calgary or Toronto based senior consultant who has refined their expertise and craft as a teacher and facilitator. They must have a demonstrated ability leading client project teams and developing further business opportunities. As a colleague, they will have a passion for learning, innovation, and collaboration.

Related experience is required; a graduate degree and certifications in related topics and assessment tools are desirable; and consulting experience is preferred.

The role will involve a significant amount of travel.

If you are interested in applying for the position, or have any questions, please contact:
